

News Release

For Immediate Release

IMPulse is Moving

Mount Olive, N.C. (May 28, 2013) – IMPulse NC LLC, a leading U.S. manufacturer of overhead contact system (catenary) hardware for public transit systems, is moving back to where it all started in 1990.

Due to a plant expansion by the owners of our current factory, IMPulse must move. Luckily, we are able to relocate back to our original factory.

We do not expect our customers to notice any impact or disruption during the move which is beginning at the end of May. We plan to be in our new offices on June 3, 2013.

The really good news is that we are able to maintain our current mailing address of: 100 IMPulse Way, Mount Olive, NC 28365.

In addition, all telephone numbers, faxes and email addresses will remain unchanged.

For a physical location (until the internet mapping services are able to move and reset IMPulse Way), the street location is 1229 N. Breazeale Avenue, Mount Olive, NC 28365.

However, for all mail please continue to use the 100 IMPulse Way address.

IMPulse NC LLC, a Marmon Group/Berkshire Hathaway company, is a leading U.S. manufacturer of overhead contact system/catenary hardware for all types of electrified public transit systems including streetcars, light rail, intercity & commuter rail, heritage trolley and electric trolleybus with products in service worldwide. For more information, please visit our website: www.impulsenc.com
